Important Questions	Answers	Why this Matters
What is the overall deductible?	For <u>network providers</u> \$2,500 person / \$5,000 family For <u>non-network providers</u> \$5,000 person / \$10,000 family The amounts calculated toward the non-network benefits deductibles apply to the network benefits deductibles. The network benefits deductibles also apply to the non-network benefits deductibles. Amounts you pay toward the <u>deductible</u> do not count toward any co-insurance maximums.	Generally, you must pay all of the costs from providers up to the deductible amount before this <u>plan</u> begins to pay. If you have other family members on the <u>plan</u> , each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses paid by all family members meets the overall family <u>deductible</u> .
Are there services covered before you meet your deductible?	Yes, the network benefits <u>deductible</u> doesn't apply to <u>preventive care</u> , services subject to flat dollar <u>co-pays</u> and prescription drugs. Emergency room services are subject to the <u>deductible</u> and a <u>co-pay</u> .	This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive services</u> without cost-sharing and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No.	You don't have to meet <u>deductibles</u> for specific services.
What is the out-of-pocket limit for this plan?	Yes. For <u>network providers</u> \$6,600 person / \$13,200 family For <u>non-network providers</u> N/A Your plan also has a co-insurance maximum. For <u>network providers</u> \$3,000 person / \$6,000 family For <u>non-network providers</u> \$15,000 person / \$30,000 family The co-insurance maximum limits the total amount of <u>co-insurance</u> you will pay for certain covered services during a coverage period. The co-insurance maximum is included in the <u>out-of-pocket limit</u> . The amounts calculated toward the non-network benefits co-insurance maximums apply to the network benefits co-insurance maximums. The network benefits co-insurance maximums also apply to the non-network benefits co-insurance maximums.	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met.
What is not included in the out-of-pocket limit?	<u>Premiums</u> , <u>balance-billed</u> charges, health care this <u>plan</u> doesn't cover, and services that exceed an annual day/visit limit.	Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .
Will you pay less if you use a network provider?	Yes. See PriorityHealth.com or call 1-800-956-1954 for a list of <u>network providers</u> .	This <u>plan</u> uses a <u>provider network</u> . You will pay less if you use a <u>provider</u> in the <u>plan's network</u> . You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the <u>provider's charge</u> and what your <u>plan</u> pays (<u>balance billing</u>). Be aware your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services.
Do you need a referral to see a specialist?	No.	You can see the <u>specialist</u> you choose without a <u>referral</u> .

All co-payment and co-insurance costs shown in this chart are after your deductible has been met, if a deductible applies.
