- Ask my child questions about who, what, when, where, why, and how, to see if he understands the story and to make him think about what the author is saying
- Read and tell stories, fables, and folktales about different cultures and talk about the lessons the story tells
- Talk about words and phrases that are used to supply rhythm and meaning, such as beat, rhymes, repeating words, starting words with the same letter...
- Ask my child whose point of view the story is coming from, and how the story might be different if someone else were telling it
- Show my child how pictures, graphs, bold areas, and words in boxes can help him better understand the story
- Ask my child to tell me what is different from and the same as in the characters in different stories
- Read two versions of the same story and ask my child to tell me how they are different and similar
- Help my child read some of the words in more difficult books
